WHAT OUR CLIENTS SAY...

Colour Heroes were an absolute delight to work with throughout this project. Not only did they create a colourful and engaging activity pack, but they were always on hand to give support and advice throughout the process. Lorraine and her team were enthusiastic, professional and overcame all hurdles that arose during the project. I would not hesitate in recommending them to anyone.

Hugo Bennett - **Sim-bi-otik**

From start to finish the team at Colour Heroes have been a pleasure to work with. They have accurately translated our brief into a pack which meets our brand standards and guidelines. The finished product was extremely well received by our customers.

Sean Donkin - **The Inn Collection**

Colour Heroes did a fantastic job on our *Safari Sam's Adventure* guidebook. They made it very personalised to our business and took on board what we have to offer and what our aims of the book were. We had so much fun going through all the ideas and concepts.
